

Dear Students, Parents, and Guardians,

I am looking forward to seeing you in Third Grade! It will be an exciting school year. It is important, though, to maintain the skills you learned in Second Grade. Remember to review **math facts** and adding and subtracting with regrouping. Utilizing the IXL program is good practice (complete only 2<sup>nd</sup> grade skills). Extra credit will be given to students completing Math IXL. It is available all summer. **Reading and writing** during the summer is also important.

Attached you will find a **Reading List** for Third Grade. Students, you will need to read 2 books during the summer months. You need to complete the attached Book Report sheets for the 2 books you read. When you return in September you will hand in the reports, and they will count as a grade.

Parents, when the students report to school in September, please do not send in any money for stationery. Below is a list of the items that your child will need to be purchased here at St. Charles and items you may purchase outside of school. A price list will be given to you during the summer. Stationery items will be sold once you return. Enjoy the summer months and be safe!

Thank you,  
Mrs. DeLeon

---
