

Dear Students, Parents, and Guardians,

I am looking forward to seeing you in 4th grade! It is very important to review the skills you learned in 3rd grade, *especially* the multiplication tables up to 12. Utilizing the IXL program is great practice for ELA and Math and it is available all summer. Feel free to complete or practice any unpolished 3rd grade skills.

Students, you will need to read 2 books during the summer months. You must be ready to complete two Reading Counts quizzes when you return in September. These will be your first two Reading grades. Attached you will find a Reading List for 4th grade. Please select 2 from this list.

Parents, please do not send in any money for stationery. Below is a list of items that will need to be purchased. A price list will be given to you during the summer. A date will be announced as to when the sale for stationery will be. Please also remember to purchase clear contact paper to cover workbooks. Enjoy the summer months and be safe!

Thank you, Ms. McCarty
